Dear Chris

On behalf of everyone here at St John's Hospice, thank you so much for bringing in a donation of £65. 00 following your exercise class instructor Michael Bellamy's ice bucket challenge! It must have been quite gratifying to watch him get a dousing as I am sure he has put you all through your paces at the class and we are very grateful for his bravery and support!

We are always humbled by the ways in which people challenge themselves to raise money for us so that we can continue providing much needed care to our patients along with help for their families at a time of great need during life changing illness.

You and the class may be interested to know that £65. 00 is enough to pay for a pressure reliving cushion for a patient and a stress relieving therapy session for someone with cancer. So you can see how your fundraising has helped the lives of those we look after.

Thank you all again and please pass on a special thank you to instructor Michael.

Kind regards

Jessica Wilson
